

### MONTREAL BOARD OF TRADE TOURS THE OKANAGAN

Large Party Of Eastern Visitors, Together With Distinguished British Guests, Hospitably Entertained

The Canadian Pacific Railway Company's wharf at Kelowna presented a very animated scene on Friday morning last when the "Sicamous" steamed in bringing the large party of members of the Montreal Board of Trade and their guests, the members of the Imperial Parliament. This trip throughout Western Canada, undertaken by the Montreal Board in celebration of its one hundredth anniversary, has been so arranged as to include all the principal towns in the West, which it is possible to take in during the space of time allotted to the tour and as much of our beautiful scenery as can be viewed from trains and lake steamers. The route chosen was through the Rockies and Selkirk on the main line as far as Revelstoke, where a reception was given to the visiting party, thence down the Arrow Lakes and on to Nelson, at which city they were well entertained by a visit to Bonnington Falls and other points of interest in the neighborhood, then on again by special train, which ran in daylight, to Penticton and from there to here on the "Sicamous," specially put at their disposal.

On arrival here the party were met at the wharf by Mayor Sutherland, Mr. W. E. Adams, President of the Board of Trade, and a special reception committee of the Board consisting of Messrs. H. F. Rees, A. G. McCosh and other prominent citizens, and, as the boat was over an hour behind the scheduled time of arrival here, little time was wasted in formalities, but the visiting party were at once escorted to the 41 cars put at their disposal by citizens of Kelowna and taken to see such of the sights of this place, as could be taken in in so short a space of time. With a few exceptions the cars led off by way of the cannery and packing house section and thence to the Park and from there passed through the residential section of Kelowna. A short stop was made at the public school by a few cars and the children had been "lined up" so that they could be addressed by Mr. W. G. Perring, M.P. for North Penticton, who made a very pleasant speech to them and asked that a half-holiday be given them. The main procession of cars, however, took the road out to Glenmore, where a portion of the orchards were viewed. The main idea being to give our guests a chance of seeing as much of the valley as possible, the route selected from there on included the K.L.O. Bench, the Bello properties and the Rutland district. A chance was also given the visitors to inspect the new apple grader recently installed by the B. C. Growers, Ltd., a mechanism which proved of immense interest both to those who came from the Old Country and to those who hailed from the eastern provinces; the speed by which apples can be sorted and graded by this device being quite a revelation to them. After seeing these sections of country the cars went on direct to Oyama, the visitors being very enchanted with the beauties of the scenery and many stating their regret that the trip had to be a hurried one.

At Oyama, to meet the party from Kelowna, were the members of the Vernon Board of Trade and others and the same number of cars were in readiness to carry the visiting party up north, but that could not be done till the festivities arranged at Oyama had taken place. These included a splendidly got up luncheon, prepared by the Oyama Women's Institute, which, if nothing else, must have given our guests some idea of what the Okanagan District can and does produce. Every kind of fruit that the valley yields was in evidence and the rest of the repast was a feast for the gods and a model of culinary skill. Too much credit can scarcely be given these ladies in fact as, because this is the busiest time of the year in this valley, practically all the arrangements for the exceptionally successful gathering at Oyama were left for them to handle and, while all ladies there worked hard and well, the names of Mrs. Trask and Mrs. Campbell Brown deserve special mention. The table decorations were in good taste and altogether the people of Oyama made it possible for the visitors to carry away

### KELOWNA SCHOLARS EXHIBIT AT COAST

The Kelowna team, coached by Mr. J. E. Britton, instructor in agriculture at the High School, competed at the Field Crop Competition recently held at Chilliwack and won the very creditable number of 228.6 points for their display of mangels, oats and potatoes. Those composing the team were Richard Asher and Fred Morden, of Kelowna, and Francis Roy Duggan, of Rutland. A team also entered the Junior Stock Judging Competition. These competitions gotten up for the purpose of training our agriculturists of the future, are held under the auspices of the Provincial Department of Agriculture, and the officials directly responsible for their success are Mr. J. W. Gibson, Director of Elementary Agricultural Education; Dr. J. G. McKay and Professor H. M. King, of the University of B. C. No better means could be devised for instilling a keen interest in their studies than afforded by these competitions, which show the practical results attained, and much credit is due Mr. Britton for his efforts to this end and also to the scholars who carefully raised the exhibits sent to the exhibition. It is hoped that next year the Kelowna scholars will enter a larger number of exhibits.

### SKIPPER DEFIES U. S. SEARCH PARTY

NEW YORK, Sept. 21.—Customs officials putting off in a skiff from the former submarine chaser "Hahn" to board the yacht "Onward" off the coast of New Jersey yesterday, on suspicion that cases piled to her guard rail contained liquor from the Bahamas, met with defiance from her captain who stood at the rail, his hand at his hip pocket, and pointed to the British flag his ship was flying. The officials returned to the "Hahn" and the "Onward" went unmolested. Ships of the "dry" navy encountered the "Onward," a fast 98-ton yacht, six weeks ago. She was then twenty-five miles at sea, and Chief Appleby, of the "dry" navy, says he knew her to be loaded with liquor at that time.

### DUMPING DUTIES COVER PEACHES AND ONIONS

Extension To Other Fruit And Produce Is Expected—Campaign To Promote Sale Of McIntosh Apples

On receipt of a telegram dated Sept. 6th from Hon. Jacques Bureau, Minister of Customs, to the effect that the special officer investigating fruit conditions in Washington had found a satisfactory home market and no evidence of slaughtering or dumping, the B. C. Traffic & Credit Association at once got in touch with the officer in question, Mr. Thomas W. Mouat, and induced him to visit the Okanagan, which he did on Sept. 9th, 10th and 11th, and it was speedily discovered that there had been some misunderstanding of his reports at Ottawa.

After discussing the matter with a number of shippers and the Growers' Committee, a meeting was held at the ranch of Mr. Thos. Bulman on Sept. 10th at which, after further full discussion, Mr. Bulman and Mr. R. M. Winslow, Secretary of the Traffic & Credit Association, were appointed a committee to meet the Hon. J. H. King, Minister of Public Works, then in Vancouver. Dr. K. C. MacDonald, M.L.A., was subsequently added to the committee, who at once proceeded to Vancouver and on Tuesday, Sept. 12th, laid the whole question before Hon. Dr. King and Senator Bostock, meeting with a very cordial reception. Mr. Mouat made a personal report to Senator Bostock of his observations in Washington.

As the result of the interview, telegrams were dispatched to Ottawa the same night by Hon. Dr. King, Senator Bostock, Chief Inspector of Customs Busby, Mr. Mouat and others, and on Wednesday afternoon the Collector of Customs at Vancouver received a wire instructing him to proceed forthwith to collect dumping duties, on the basis of Mr. Mouat's figures, on all importations of peaches and onions since August 24th. Chief Inspector Busby has advised that this step having been taken, the whole machinery will immediately be put in action to collect all duties due on the basis of Mr. Mouat's figures since importations were accepted for entry sub-

### NO RELIEF FOR UNREGISTERED LOT OWNERS

Real Estate Taxpayers Without Registered Title Must Also Pay Poll Tax

Ald. Maikle, who is on a hunting trip, was the sole absentee from the fortnightly meeting of the City Council on Monday night.

In consequence of a clerical error in the Tax Roll, a resolution was passed authorizing a refund of \$5.62 upon the current year's taxes to Mr. Chas. Gowen.

By-Law No. 351, granting an option to Mrs. Bertha Winnifred Baldock, on Lot 7, R.P. 982, for the sum of \$250, was reconsidered, finally passed and adopted. By-Law No. 354, granting an option to Mr. S. L. Sharrock, on Lot 5, R.P. 1036, at a price of \$100, was given three readings.

After some discussion of details, By-Laws 352 and 353, regulating the electric and water rates, were given their third reading.

By-Law No. 355 was introduced as an amendment to the existing Health By-Law, so as to provide for a change in the sanitary rate to conform with the new method of charging for other municipal services, the object being principally to lessen clerical work in getting out the monthly accounts. The By-Law was given three readings.

Ald. Rattenbury brought to the attention of the Council a grievance voiced by many property-owners in that, although they had paid real estate taxes for a number of years, because they did not have registered title to their property they were now called upon to pay poll and road tax as well. This seemed a hardship, he said, and placed these people upon the same level for taxation as the Chinese.

The Mayor said it was not at all the wish of the Council that persons who paid land taxes should also pay poll tax, but, in view of the provisions of the Municipal Act, he did not see what could be done to give such people relief, as the responsibility was thrown entirely upon them of registering their deeds or agreements of sale. He felt that, at least, the Act should be changed to provide for exemption from poll tax during the year after registration instead of what was practically a two-year interval, as now laid down.

The aldermen expressed general agreement with the latter view. Ald. Barrat reported that the contractor hoped to clear up the remaining rock work at the reservoir within a week and would then go on with the cement work. The extra excavation would run a little more than was first figured, and would amount to about 2,000 cubic yards instead of 1,500, giving a reservoir capacity of between 1,500,000 and 2,000,000 gallons.

In reply to a query by the Mayor as to whether his department would apply to the Board of Fire Underwriters for a reduction of insurance rates, upon completion of the new water supply scheme, Ald. Shepherd replied in the affirmative.

The Mayor announced that Mr. S. T. Elliott, President of the Kelowna Agricultural Society, desired the Council to declare a civic holiday upon Wednesday afternoon, Sept. 27th, in connection with the Fall Fair. This

### KELOWNA FRUIT AND VEGETABLE SHIPMENTS

For The Week Ending Sept. 16, 1922

	1922	1921
Apples	21	30
Vegetables	25	8
Mixed Fruit & Vegetables	113	61
Other Fruit	12	15
	171	114

### NEW U. S. TARIFF IS IN EFFECT TONIGHT

WASHINGTON, Sept. 21.—President Harding has signed the Tariff Bill of 1922, making the new rates effective at midnight tonight.

HONOLULU, Sept. 21.—Miyake Jima, an island in North-Eastern Japan, has been swept by a typhoon which destroyed 2,100 homes and damaged 45 vessels. Nine lives are reported to have been lost.

### LATEST WIRES ON SITUATION IN NEAR EAST

ITALY WILL MAINTAIN BALKAN STATUS QUO

ROME, Sept. 21.—Italy officially informed Rumania today that she will not permit any action by Bulgaria which would change the present Balkan status quo, and that she is ready, if necessary, to take military measures to this end.

### TURKS ARE STILL OUTSIDE NEUTRAL ZONE

LONDON, Sept. 21.—A relatively small force of British troops is holding Chanak, the key position on the southern shore of the Straits, while the Turkish Nationalists, eager for further conquests after their overwhelming defeat of the Greeks, are concentrated outside the neutral zone at Ismid and Chanak, impatiently awaiting word from Mustapha Kemal Pasha to advance. The Kemalists, according to official French dispatches, have available for use in such a drive one thousand modern field guns, five thousand machine guns and enough ammunition for a two-year campaign, which they captured from the Greeks.

If fighting breaks out before British reinforcements arrive, the question of the safety of the comparatively small British force at Chanak will become an anxious one here. Marshal Foch is quoted as saying that the position is absolutely untenable, except if held by a very considerable force, while Field Marshal Plumer, who has been inspecting the British defences, is said to have sent a message, which Prime Minister Lloyd George communicated to the Cabinet, to the effect that he had great confidence in the results of collaboration between Brigadier-General Harrington and Rear-Admiral Brock. Opinion here for the moment is banking on the strength of the British naval force in the Dardanelles, which is considered sufficient alone to hold any possible attack by the Turks.

Grave warning of a disaster to come unless Great Britain and France act in concert in the Near East is uttered by Viscount Grey of Faldoon, former Secretary for Foreign Affairs. In a letter to the Times he denounces the British Government's attitude, as announced last Saturday, regarding the permanent freedom of the Dardanelles as a "terrible mistake," the reply to which has been the withdrawal of the French flag from Chanak.

### CIVILIANS ADVISED TO LEAVE CHANAK

LONDON, Sept. 21.—British headquarters at Chanak have advised Christian, Moslem and Jewish civilians to evacuate, as the town may be shelled by the Turks, says a dispatch from the Dardanelles correspondent of the Times.

### HARRINGTON WARNS TURKS TO KEEP OUT

CONSTANTINOPLE, Sept. 21.—General Harrington, of the British army, as general officer in chief command of the Allied forces, has issued a communique in which he declares that responsibility for the consequences of violations of the neutral zone will fall upon the authors of such violations.

The British are mobilizing every available warship, man, horse, cannon and rifle within reach of the troubled area. They are preparing to deal a tremendous blow by land, sea and air if provoked by the Kemalists army which, according to latest reports, is concentrating feverishly around Ismid and Chanak.

Hamid Bey, the Turkish Nationalist representative here, informed the Associated Press correspondent that it was certain the Turkish army would declare war on the British if the latter attempted to interfere with the movement of Turkish troops across the Straits of Thrace.

### BRITAIN EXPECTS GREEK ARMY TO HELP

LONDON, Sept. 21.—An Athens dispatch to the Exchange Telegraph says the Greek premier on Tuesday granted a lengthy interview to the British Minister, who told him that Great Britain counted mainly on the Greek army for the security of the Straits of the Dardanelles. General Polymenakos, the dispatch adds, has taken up his headquarters in Adrianople, and the government has directed that a call to the colours be issued to the class of 1923.

### REPORT ON CROP AND WEATHER CONDITIONS

Horticultural Branch, Provincial Department of Agriculture

Vernon, B.C., Sept. 16, 1922.

#### Kelowna

The weather continues warm and dry with nights cool. All fruit is sizing up well and colouring rapidly. McIntosh Reds are now in. Italian prunes are about over. Elberta peaches will be moving next week.

With the fine weather prevailing tomatoes are still coming in to the canneries in large quantities.

#### Keremeos

McIntosh apples are being shipped in carload lots. Elberta peaches are still moving.

#### Penticton

Cox's Orange and King apples are still being picked. The picking of McIntosh and Jonathans commenced this week.

Italian prunes are arriving at the packing houses in small quantities. Elberta peaches are being shipped in large quantities.

The weather conditions are ideal for picking and maturing the crop.

#### Summerland

Large quantities of Cox's Orange and King apples are being shipped. McIntosh commenced this week.

Crawford peaches are nearly finished while Elbertas are being packed in large quantities.

Duchess pears are just commencing, and Flemish Beauty are practically over.

#### Kootenay and Arrow Lakes

The weather for the past week has been much cooler with considerable rain throughout the district.

Wealthy, Gravenstein, Alexander and Kootenay Gem are now moving in car lots. Wealthies are showing good colour and fair size where thinning was done. Some Wealthies from the North side of the Kootenay were being picked too soon, as they were not matured and had very little colour.

Bartlett and all other early pears have been shipped. Flemish will be moving through the packing house by next week.

McIntosh are colouring well and will be passing through the packing houses together with King and Cox's Orange about the 25th.

King apples promise to be a very good crop. Northern Spy will be a very heavy crop and of good size and clean.

The following is an estimate of apples that will be shipped from the Kootenay this year:—Creston, 200 cars; Kootenay and Arrow Lakes, 180 cars; Grand Forks, 100 cars.

Central packing houses are operating this year at Grand Forks (2); Burton, Robson, Nelson, Willows Point, Harrow, Sunshine Bay, Queens Bay, Crawford Bay, Boswell, Creston, Erickson (2). The bulk of the apple crop will pass through these houses, thus ensuring a uniform grade and pack for the Kootenay apples.

#### Creston

Bartlett pears are about finished, and Flemish Beauty are arriving. Columbia plums are moving this week.

Wealthies are expected to be moving freely this week and are being shipped out chiefly in the Domestic pack. McIntosh will follow in about ten days.

Splendid weather prevails with clear days and cool nights. The fruit is colouring well and the late varieties are sizing rapidly.

### DOMINIONS FAVOUR SUBMISSION TO LEAGUE

GENEVA, Sept. 21.—All the British Dominions are declared by their representatives in the assembly of the League of Nations here to be favourable to submission of the Turkish-Greek affair to the League. The Dominion delegations have sent a joint telegram to Premier Lloyd George urging submission of the question to the League, and it is declared among these representatives that the Dominions will be disposed to retain their complete liberty of action on this question if the British government refuses to listen to their request.

### N. Z. VOLUNTEERS EXCEED WORLD WAR RECORDS

WELLINGTON, New Zealand, Sept. 21.—The number of volunteers for service at the Dardanelles is exceeding all the records of the world war. Ten thousand men volunteered throughout the country yesterday.

### MEIGHEN URGES UNITY ON EASTERN QUESTION

BELLEVEILLE, Sept. 21.—The question of the Near East is one on which no one should endeavour to embarrass the government, the Right Hon. Arthur Meighen told a gathering of political friends at the Belleville Club last night. So great is this question of foreign policy that every citizen should give the government an opportunity to live up to the best traditions of sterling British character, he said. He urged that no one should be carried away by thoughtless references to foreign policy, and declared that the Near East was not a diplomatic adventure in the mind of the British government which, he said, was composed of men of all parties who had stood the test of the past eight years. Men of all parties had subscribed to the message under compulsion of their conscience.

### U. S. SOLDIERS' BONUS FAILS IN SENATE

WASHINGTON, Sept. 21.—The soldiers' bonus has failed to carry over the President's veto, the Senate vote falling short of the necessary two-thirds majority. The vote was 44 to 28 and came within a few hours after the House of Representatives had passed the measure over the President's veto by 258 to 54.

### EVENLY CONTESTED TENNIS MATCH

Summerland And Kelowna Play To A Draw

A team of ladies and men from Summerland visited the Kelowna Lawn Tennis Club last Tuesday week. A close and exciting match ended in a draw of four wins each. The match comprised men's doubles and mixed doubles, and a most enjoyable afternoon was spent.

The visitors were Mrs. Hookham, Miss Bourke, Messrs. Dodwell, Turner, Russell and Faulder, and the home team consisted of Mrs. C. Taylor, Mrs. Lyell, and Messrs. Carruthers, Paton, Mallam and Stubbs.

### THE BIG FAIR AND STAMPEDE SEPT. 26-27-28

Some Of The Main Features, Attractions And Special Prizes

Mr. H. S. Atkinson returned on Tuesday from Nelson, where he was busy in the interests of the Fair. While there he learned that quite a number of people from across the Line are coming to take it in.

Over a hundred cowboy riders are on their way from various parts of Cariboo to take in the Stampede. The old "B. X." 12-passenger stage coach, drawn by six horses, is now on its way down from Ashcroft, also six bucking horses.

Mr. Price Ellison, junior, of Vernon, attended the recent race meeting at Tranquille on the 13th inst. and the Clinton races the next day, and has had great success in getting both riders and horses to come here.

The Judges at the Fair will be as follows:—Fruit and Vegetables and Field Crops: Mr. W. H. Robertson, Provincial Horticulturist, Mr. E. C. Hunt, of Nelson, Mr. C. R. Barlow, of Salmon Arm, and Mr. W. T. Hunter, District Horticulturist, Vernon. Horses and Cattle: Mr. J. Mackie, Vancouver. Sheep and Hogs: Mr. E. E. Carncross, of the Soldiers Settlement Board, Cloverdale. Poultry: Mr. E. Greenwood, Victoria. Women's Work and Domestic Science: not yet selected but will be jointly appointed by the Provincial Department of Agriculture and the Women's Institute of Kelowna.

The School Boards of the surrounding country schools have been asked to grant a holiday to the scholars on Wednesday, Sept. 27th, so that they can attend the Fair.

Boy Scouts, in uniform, will patrol the inside of the buildings and all Scouts, in uniform, will be admitted free of charge.

The refreshment end of the Fair promises to be well catered for by local purveyors.

A large number of boxes in the Grand Stand have been already booked, but more are still available.

The Kiltie Band from Nelson is coming in full strength, and Miss Grace Robertson, of Kamloops, the champion Highland dancer of Western Canada, will dance each day on a

(Continued on Page 8)

### KELOWNA GOLF CLUB MAKES RAPID PROGRESS

Although Only Two Years Old, Membership Now Numbers One Hundred And Twenty-five

Now that this district is so largely given over to fruit growing, few, if any, call to mind the days of the early nineties, when it was much better known, for a short period at any rate, as a gold quartz region, the main mining camp being then at Fairview, within a few miles of the present town of Oliver, where the well-known returned soldiers' colony is located. However, such was the case and the whole Southern Okanagan was thoroughly advertised as a "Gold Belt." The trip was then made by stage from Vernon to "The Mission," and by small steamer or trail on to Penticton, where stages, advertised as "going through the entire Okanagan gold belt on both sides of the line," connected with Fairview and Osoyoos in B. C. and Ruby and Conconully, in Washington. This mining "boom" was a lively one while it lasted and the idea of indulging in any pastime, except that of riding the festive cayuse, did not occur (or appeal) to many. However, one enthusiastic individual, the manager of one of the mines at Fairview, proved an exception and not content with his ordinary work which entailed a tremendous amount of daily physical exertion, actually hired a man to play golf with him every day and paid him \$3.50 per day for this service, a sum which was top miner's wages at that time. Which goes to show that times are changed and we have changed with them. Now any self-respecting community of any importance in the province possesses a golf club of some kind and all those who indulge in this pastime do so out of pure love of the game. A short description, therefore, of how the present golf club here came into existence may interest the many people who are beginning to realize that the existence of such an institution in our midst is an asset of no small importance, especially to those who have settled in the Okanagan with a view to living a retired life and can find the necessary leisure for indulging in sport and for taking advantage of the exceptional climatic conditions of our valley.

In the earlier days of Kelowna's existence, though there was no regular golf club, the gentle art of "striking a small, resilient ball with clubs into a series of holes" was indulged in by some of the oldtimers, who used the base of Knox Mountain for the scene of their activities. Also, before the late war, a small club was organized here and the game was played at Bankhead. This was a proprietary club and naturally could not survive during the times of that historic conflict, when it died a natural death. The real start in the effort to establish a golf club here may then be safely stated to have taken place in March, 1920, when Mr. E. R. Bailey and Mr. G. R. Binger called a meeting of all those interested in the game, which was attended by 36 people and led directly to the formation of the present organization.

At the initial meeting of those interested a committee was nominated to look into the matter of securing a site for the Club grounds, which should be as near to the city as possible and after looking around at all sorts of properties in this vicinity this committee decided that the "Wollaston" acreage situated on the Glenmore Rd. and immediately opposite Mr. Cosens' orchard, would be the most suitable. The members of this committee were Messrs. P. B. Willis, W. E. Adams, K. MacLaren, F. A. Taylor, Grote Stirling, Dr. G. A. Campbell and Major Maguire, all of whom devoted a great deal of time in the interests of the proposed club. The selection they made has proved to be a very happy one. The property secured consists of 140 acres and was purchased at a reasonable figure. The same year a great deal was done in preliminary work, such as clearing up the course, which at the time of acquisition was mostly brush and slashings, and matters were so far advanced as to enable the members to play on a very fair course the next season.

In 1921, after the club had been formally organized, the services of a good professional, Mr. James Gourlay, who is still with the club, were secured and by the end of the season the course was in very good shape for a new one. The membership at this time

## BOY SCOUT COLUMN

Troop First! Self Last!

Edited by "Pioneer"

19th September, 1922.

There will be a Business Session of the Court of Honour at the Scoutmaster's office on Friday, the 22nd instant, at 7.30 p.m. A full attendance of Leaders and Seconds is requested. We have undertaken to look after the interior of the Exhibition Building during the Fair while school is not on, and arrangements must be made for this. There are also at least two vacant Patrol Leaderships, which offices must be filled, and also those of some Seconds. We again request that if there are any intending Recruits to the Troop, they hand in their names to the Scoutmaster immediately, as it is somewhat disorganizing after we have allotted Scouts to their respective Patrols for the season to have new ones then coming in.

The Scoutmaster has just received a sample of the new 1923 Scout and Wolf Cub Diary. It is crammed with information about Scouting and things a Scout should know, and no Scout or fellow who intends to be a Scout can afford to be without one. Included amongst the new features are pictures of Canadian birds; how to make a fire without matches; holidays for the year, and a space for a day by day record of the doings of its owner. The price is 25c per copy post paid, and we would like to send in an order from every Scout in the Troop for one.

The following very interesting article appeared in the "Church Times" of August 25th, 1922. It was written from Knocke, Belgium, on the 20th of August last, and as it is too long for one Column, we are giving it in two parts.

"British Boy Scouts in Belgium Knocke, August 20th.

"Yesterday the Times, in a valuable article upon the Scout movement and its effect on the peace of the world, described it as 'an international brotherhood, bound together by a common ideal, ceremonial and dress, and something which even now does to a large extent play the part of a real League of Nations.' English visitors to this delightful and health-giving resort on the coast of Belgium and within sight of Holland and saw that very day an illustration of what this great international brotherhood is accomplishing—something, moreover, to cheer and encourage the most despondent at a moment so full of anxiety in the world's history. As last night drew on, the Place Verwee, in which stands the Hotel de Ville, was a scene of animation and activity. In it a great torchlight procession was being assembled, and the light-bearers were for the most part Boy Scouts, Belgian and British.

The Belgian Troop was there, of course, its members wearing the jaunty cap of the Belgian Scout uniform. They were the hosts, and upon them devolved the marshalling of this altogether charming demonstration of friendship and joy. But mixed with their shrill and excited cries and directions one heard the English language as spoken in various counties—Hampshire, Suffolk and others. For this was an Anglo-Belgian demonstration, and the majority of those Boy Scouts assisting in it were the Troops from St. Peter's, Bournemouth, and from Framlingham, Suffolk, which are now in camp upon the Dunes, upon ground not long ago occupied by the Germans. Indeed, not far from the camp there are great 'dumps' of that evil-looking barbed wire which is so familiar a feature of all the fields of war, and closer still there are German mines—harmless now, and used chiefly as flower pots to brighten the Digue! Indeed, the reminders of the war are on every side. But on this calm and splendid night of August there is no thought of war and all its horrors as the gay procession moves off from the Place Verwee, drums beating, trumpets playing, crowds accompanying, and the Scouts, Belgians and British, marching gaily along, each carrying his great coloured lantern high above him. Up the main avenue they go between happy and admiring crowds of residents and visitors, Belgians, French, American and British. And so on to the spacious front, with the calm sea on the one side and the great hotels on the other, the crowd growing larger and larger as they go. By this time it is dark and the beauty of the long procession of lanterns, each with its distinctive colour and design, is hard to describe. But chiefly it is the joyousness and friendship of the whole thing which give it true significance, the mingling of these boys drawn from all classes and various countries—working lads from Suffolk towns, boys from Framlingham College, Bournemouth choirboys, Belgian school boys. Here surely is an international brotherhood of those who may in very truth become the lightbearers of that world in which they are so soon to play their vital part. It is not strange or difficult to think such thoughts as these, or have such hopes, as the joyous band of lads

go marching along this Belgian shore. For we are very near the scenes of those awful days of war. The light is flashing from the Mole at Zeebrugge, where British heroes gave their lives freely on that never-to-be-forgotten St. George's Day, 1918. In the little cemetery at Zeebrugge, only three miles away, lie the bodies of those heroes, and above their graves is the splendid story of their sacrifice. Two days ago those boys so gaily marching tonight, the lads from Bournemouth and Framlingham, went over the battlefields of the Ypres area, that "Holy Ground of British Arms," and saw the awful havoc war has wrought, the vast cemeteries filled with British graves, including those of many Scouts, who gave their lives for those who have come after them. All this and much more these English boys are seeing while they camp in Belgium. Tomorrow, by invitation of their brother Scouts in Brussels, they will visit that fair city, and get to know each other as far as they are able."

## KELOWNA GOLF CLUB MAKES RAPID PROGRESS

(Continued from Page 1)

was between 70 and 80. In the spring of the same year also a very pretty and attractive Club House, designed by Colonel Cullin, was erected. This building consists of a large central club room, dressing rooms for both sexes and kitchen, and has a wide verandah on three sides, altogether a very suitable edifice for club purposes.

In October of the same year a team representing the club was sent to Kamloops and the Yale Cup, donated by Mr. Carew Hunt, was won by a Kelowna lady. In 1921, a Vernon team also paid a visit to the club, in October, and a very pleasant series of games were played, and very friendly relationship established with our neighbours to the north.

The spring of this year saw a very large increase in the membership of the Kelowna Golf Club, which now boasts 125 adherents all of whom are residents of the town and vicinity. A lot of work has been put on the grounds this season, the greens having been sanded and otherwise improved, and the course can be said to be in first class shape, which reflects considerable credit on the committee in charge. The course itself is a nine hole one and includes two good water hazards. It is very prettily situated, surrounded as it is by the Glenmore orchards. Exceptionally lovely views of Kelowna, Okanagan Lake and the surrounding country can be had from here and the high cliff on Dilworth Mountain forms a very imposing background along the third fairway. This course is situated about two miles from town and is on the main road through Glenmore and is thus easily reached.

This season, up to the present time, only one match has been played against another district, when a team of gentlemen and ladies came over from Kamloops last June and an inter-club match was played, which was very much enjoyed by all participants. However, a series of matches will be played this fall, a list of which appeared in our last issue. Members of the Kelowna Club will pay a return visit to Kamloops in October and the Howell Cup, presented by a Victoria golf enthusiast for the purpose of encouraging beginners, will also be played for, but it is not yet settled on what course. It is also hoped that Pentiction golfers will pay us a visit.

As before mentioned, the course here is a nine hole one, as follows, but there is ample room for an eighteen hole course. However, the wise decision has been arrived at to make the present one perfect in every respect before making the other nine holes.

Hole	Length	265 yds.	Handicap
1	405		11
2	464		7
3	182		18
4	185		2
5	374		16
6	283		9
7	116		12
8	296		5

The Kelowna Golf Club is affiliated with the Royal Canadian Golf Club Association and is one of the many clubs belonging to that flourishing institution which prove the hold which the Royal and Ancient Game is getting in all parts of the Dominion. The present officials of the club are: President, Mr. Grote Stirling; Vice-President, Mr. H. F. Rees; Secretary and Treasurer, Mr. G. R. Binger. The Finance Committee is composed of the following members: Mr. H. F. Rees, Mr. P. B. Willits, Mr. E. M. Carruthers and Mr. Binger. Altogether it is an institution which is a great attraction to this place and an asset both to Kelowna and the Okanagan Valley.

go marching along this Belgian shore. For we are very near the scenes of those awful days of war. The light is flashing from the Mole at Zeebrugge, where British heroes gave their lives freely on that never-to-be-forgotten St. George's Day, 1918. In the little cemetery at Zeebrugge, only three miles away, lie the bodies of those heroes, and above their graves is the splendid story of their sacrifice. Two days ago those boys so gaily marching tonight, the lads from Bournemouth and Framlingham, went over the battlefields of the Ypres area, that "Holy Ground of British Arms," and saw the awful havoc war has wrought, the vast cemeteries filled with British graves, including those of many Scouts, who gave their lives for those who have come after them. All this and much more these English boys are seeing while they camp in Belgium. Tomorrow, by invitation of their brother Scouts in Brussels, they will visit that fair city, and get to know each other as far as they are able."

(To be concluded next week.)

Do not fail to see the Poultry Exhibit at the Fall Fair.

## THE STORY OF "THE BACHELOR DADDY"

In Which Thomas Meighan Takes The Principal Part

The following is an outline of the appealing film story of "The Bachelor Daddy," to be shown at the Empress Theatre on Friday and Saturday, Sept. 22 and 23, with Thomas Meighan in the leading role:

Richard Chester, owner of a silver mine in the South, is nearing his wedding day, his fiancée being Ethel McVac, daughter of an aristocrat, but poor widow, Sally Lockwood, his private secretary, also loves Dick, but keeps her secret locked away in her heart.

A month before the date set for the wedding, word comes that some desperadoes have threatened to attack the mine if the corporation does not come through with the tribute they demand. Dick goes South, taking Charles Henley, his lawyer, with him, and leaving a petulant, dissatisfied sweetheart to wait for him.

Joe Pelton, Dick's foreman, a widower, lives in a cabin with his five motherless babies. Dick arrives and sees that the situation is serious. He realizes that there must be a fight with the bandits if the future is to be safe for the mine folk. He spends much time with Pelton and his children.

The bandits demand silver, supplies and cattle, which Dick refuses. Then the battle starts. Dick sees that the women and children are safely holed up in the storehouses. During the skirmish, a little child escapes out into the firing line. Dick goes out to rescue the baby and is shot down. Pelton drags him back to the office door only to be shot down himself. The soldiers arrive, just as the bandits are about to destroy the buildings with their inmates, and the bandits are captured.

Pelton, fatally wounded, begs Dick to take his babies. He complies, and after Pelton's death takes the children back with him. Back in his home again, Dick prepares a surprise for his sweetheart, believing she will love the youngsters as much as he himself has come to adore them. Ethel not only dislikes children, but refuses to marry Dick unless he sends them away.

The next day he tells Sally that Ethel will break their engagement unless he sends the children away. Sally reminds him that his promise to his fiancée was made before he took the children. So Dick arranges with different sales for the care of the children.

The only problem is the baby! Sally takes the infant home, and Dick goes to her house to see the baby, to discover that a strange feeling for Sally begins to stir him. On the night before his wedding, Dick begs Sally to let him take the baby home, promising to bring it back the next morning. When Dick is about to put the baby to bed, he discovers that it has a fever. The doctor comes, and asserts that the baby has the mumps! Dick sends for Sally, who cheerfully mothers the infant. Ethel, his fiancée, is hysterical. She and her mother go to see him. The engagement is broken, and Dick gathers his babies back from the various schools and decides to settle down with them. He engages Sally and her mother to take care of the children. Dick falls in love with Sally. They are married, and in due time a brand new pair of twins arrive, to make the family happy.

## PLANTED FIRST APPLE TREE ON THE PRAIRIES

In Ontario the horticulturists, a few years ago, put up a monument to mark the site of the first McIntosh Red apple tree. In Manitoba they reverse the process by honouring the man rather than the tree, and by doing it while the man is still alive. At the recent convocation of Manitoba Agricultural College the portraits of four men who have greatly helped western agriculture were hung in the convocation hall and their names inscribed on the college roll of fame. Those honoured were Dr. S. A. Bedford, Brigadier-General Hugh N. Dyer and Messrs. J. W. Scallion and A. P. Stevenson. All well known agriculturists. The last named was honoured for his success in fruit growing and as being the one who over forty years ago, planted the first apple tree in Manitoba. In addition to his work in connection with fruit trees, Mr. Stevenson was one of the earliest believers in the work of planting shelter-belts across prairie farms and about the farm buildings, and for over twenty years has been one of the tree-planting promoters of the Dominion Forestry Branch. When he began, it was generally believed that trees would not grow on the prairies, and much of the progress of the work in the early days was due to Mr. Stevenson's enthusiasm and to experience gained on his own farm near Morden, Manitoba.

## To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

### CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,  
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

### THE PRAIRIE FRUIT MARKETS BULLETIN

Current Prices and Market Conditions  
(From the Weekly Bulletin issued by  
J. A. Grant, Fruit Markets Commission-  
er, Calgary.)

#### The Week in Calgary

Wet weather most of the week with clouds and more moisture in the air. The produce market has strengthened perceptibly and the movement to country points is better than it has been for a long time.

The Washington competition is getting past, and prices over the line are rising. The movement from B. C. this week has put them in the shade, and it looks as if their competition was over for a season.

Tomatoes are still in a low rut, struggling to come back without much success. They are selling wholesale at 50c to 60c and may reach 75c.

Pears are higher in price with good demand. Apples are moving freely at popular prices. Early this week a half car of Duchess apples of good quality, wrapped and packed, were slaughtered here; they retailed in the Groceries stores at \$1.00 per box. The apples came from Vernon. Giving away apples at below cost of transportation and handling always upsets the market. We cannot call this a sale.

Elberta peaches are in heavy demand. We need more Elberta peaches from B. C., and they should be planted in the districts where early ripening will take place. We call attention to the heavy importation of peaches from over the line, in this week's correspondents' reports, to show that Elberta peaches are in demand far beyond the B. C. supply.

B. C. plums have been in weak demand and have been sold at slaughtered prices in many cases. Demand from country points for all fruits has strengthened. Country movement is exceptionally encouraging.

#### Calgary Wholesale Prices

Apples, Red June, Duchess, Red Astrachan, per box, \$1.75 to	2.00
McIntosh Red, No. 1	2.50
Wealthy, No. 1	2.15

Onions, per lb.	.02½
Local Cauliflower, Cabbage, Carrots, Beets and Turnips, per lb.	.02
Green Corn, case of 6 doz.	2.25

#### Calgary Car Arrivals For This Week

B. C.—10 mixed fruit and vegetables, 8 mixed fruit, 6 apples, 1 plums, 1 prunes.

Alberta—2 potatoes, 1 mixed vegetables.

Manitoba—1 mixed vegetables.

Imported—Washington: 3 pears, 2 mixed fruit, 2 peaches. Minnesota: 1 onions; Virginia: 1 sweet potatoes.

#### Edmonton

Edmonton, Sep. 14.

Market conditions here continue about as mixed as ever. It is very hard to get an absolutely correct idea of any commodity, as on most of them you find four or five different prices being quoted by the several wholesalers. Most of the lines, including Elberta peaches, Italian prunes, crated Wealthies, etc., are being sold at the same price or lower than the laid down cost of the goods based on F.O.B. prices asked. This means, of course, that consignment goods must be setting the price on the market.	
Approximate wholesale selling prices are as follows:	
Celery, per lb.	.06
Wash., Elberta Peaches, case	1.25
No. 1 Plums, per case	1.25
No. 2 Plums, per case	1.00
Italian Prunes, per case, \$1.00 to	1.10
Bartlett Pears, per case	2.50
Flemish Pears, per case, \$2.00	2.25
Transcendent Crab Apples, per case, \$1.00 to	1.15
Hyslop Crab Apples, per case, \$2.00 to	2.25
Wealthy, crated, per case, \$1.50	1.75
Wealthy, wrapped, per case, \$2.00 to	2.25
Ripe Tomatoes, per case, 75c to	.90
Green Tomatoes, per case, 75c to	.90
Cucumbers, per case, 65c to	.90
Beets, per lb.	.02½

Citron, per lb.	.03
Onions, per lb.	.03
Cabbage per lb.	.02½
Turnips, per lb.	.02
Spuds	Market Price

The following are the wholesale fruit prices obtaining at this date:

B. C. Fruit—	
Pears, Wash., \$2.00	2.75
Apples, Wealthy, wrapped, \$2.00	2.25
Crates	1.75
Duchess, wrapped, \$1.25 to	1.25
Duchess, crates	1.00
McIntosh, wrapped	2.50
Crabs, Hyslops	2.25
Transcendents, \$1.25 to	1.50
Prunes, Italian, \$1.00 to	1.15
Plums, assorted varieties, \$1.25 to	1.50
(Very slow sale on the latter)	
Peaches, \$1.25 to	1.40
Tomatoes, Ripe	.90
Green, 75c to	1.00
Cucumbers	.75
Celery, per lb.	.07
Onions, per sack, \$2.25 to	2.75
Imported Fruit—	
Pears, Wash., Bartlett, \$3.00 to	3.25
Peaches, Elberta and Crawford, \$1.40 to	1.50
Plums, Italian, \$1.15 to	1.25

No sale on vegetables on account of large local supply. This market well supplied with all varieties of fruit.

#### Prince Albert

Prince Albert, Sept. 13.

This territory is well loaded with fruit of all kinds. Wholesale prices about as follows:

Apples, Wealthy, per box	2.50
Wealthy, per crate	1.90
Plums, B. C., 4-bskt., per crate, \$1.25 to	1.50
Pears, B. C., per box, \$3.00 to	3.50
Crab Apples, per box, \$1.75 to	1.90
Tomatoes, Ripe, per crate	1.00
Onions, B. C., per sack	3.50
Cucumbers, B. C., 65c to	.85
Peaches, Elberta, imported	1.65
Italian Prunes, imported, \$1.35 to	1.50
Plums, 4-bskt., imported, \$1.65 to	1.90

Demand for all kinds of fruit fairly good.

#### Winnipeg

Winnipeg, Sept. 13.

The Winnipeg market is still pretty well glutted with fruit of all kinds and conditions. Ontario is still sending forward large shipments of plums and some very nice peaches, Elbertas and Crawford, in baskets and boxes, also pears in baskets. There is a good market for good pears but B. C. pears in many cases are arriving too ripe and have to be sold for what they will bring. This has a tendency to break the market on good stock. Even Flemish Beauty have arrived very green in appearance but quite mellow and ripe when cut. Transcendent crabs are not standing up; a very nice car when taken out of cold storage showed black heart, some other shipments reported going the same; some of these were sold as low as seventy-five cents per box. First car of Ontario grapes, Champions, received and cleaned up very nicely.

Car Receipts—B. C.: four mixed fruit, six pears, seven apples, one tomato, one prunes, Ontario: one grapes, three plums, two peaches, six mixed fruit. Imported: two apples, six peaches, one prunes, two pears, five mixed fruit.	
--	--

#### WHOLESALE PRICES

Ontario—	
Peaches, eleven, 85c to	\$ 1.00
Crawfords, in boxes, \$1.40 to	1.50
Plums, Grand Dukes, in crates	2.25
Lombards, 6-qts.	.60
Danishons	.60
Pears, sixes, 40c to	.50
Pears, eleven, 75c to	1.00
Grapes, Champion, 42c to	.45
British Columbia—	
Apples, Wealthy, No. 1, \$2.00 to	2.25
Wealthy, crates, \$1.75 to	2.00
Crab Apples, Transcendent, sound stock	1.25
Hyslop	2.25
Italian Prunes, boxes	1.25
Pears, Flemish, \$2.50 to	3.00
Tomatoes, 4-bskt. crates	1.25
Imported—	
Apples, Gravenstein	2.50
Peaches, Elberta	1.25
Plums, Transcendent, 4-bskt. crates	1.50
Pears, Bartlett	3.50

#### RETAIL PRICES

B. C. Fruit—	
Apples, Duchess, per box	2.50
Astrachan, per box	1.75
Wealthy, per box	3.25
Pears, per box	3.00
Peaches, per box	2.25
Plums, Blue, per 4-bskt. crate	2.00
Crab Apples, Transcendent, per box	2.00
Thimbleberries, Black, per 24-pt. crate	4.00
Celery, per lb.	.10
Imported Fruit—	
Apples, Duchess, per box	2.50
Pears, per box	3.00
Plums, per 4-bskt. crate	2.00
Peaches, per box	1.50
Grapes, Malaga, per lb.	.30
Prunes, Italian, per box	1.45

#### Vancouver

Vancouver, Sept. 13.

During the week ending Sept. 11th, produce entered Vancouver from other countries in the following quantities. Washington was the chief source of supply.

Apples, boxes	3
Pears, boxes	4,539
Peaches, boxes	15,984
Onions, Spanish, crates	230
Onions, Spanish, sacks	71
Bananas, bunches	2,350
Artichokes, boxes	2
Peppers, boxes	215
Lemons, cases	5
Grapes, crates	1,076
Grapes, baskets	214
Grapes, lugs	75
Cantaloupes, crates	399
Honeydew Melons, crates	22
Italian Prunes, boxes	4,281
Oranges, cases	20
Tomatoes, crates	12

It seems strange that it should be necessary to import such quantities of peaches and Italian prunes in view of

the amount of fruit produced in this province.

Apples—Duchess apples are practically over and have been supplanted by Wealthy, Gravenstein and a few McIntosh Reds. Kamloops is now coming in with the latter variety, which jobs at \$2.00 for No. 1a.

There is a slackening off in the receipts of the early non-keeping varieties and, as a consequence, the market has a slightly healthier tone.

It will be noted that the B. C. product now controls the local market.

Pears—This market is also slightly firmer, the price on top grades being higher than a week ago. Wenatchee, Keremecos, the Okanagan and the Lower Mainland are the contributors. Pears in the Coast section are a fine sample this year.

Peaches are slightly lower than a week ago. Importations have been very heavy. The bulk of importations were from Wenatchee.

Plums have a wide range depending on variety and quality, Wicksons topping the market at \$2.00. There were no importations during the week, but plenty of local varieties on the market.

Apricots are off the market.

Italian Prunes—Three carlots came in during the early part of the week from Washington. Local prunes started to come in about the same time. Prices range from 60c to 85c.

Grapes—Malagas are being largely displaced by Tokays; Malagas have not so good a chance once the latter variety gets on the market. Receipts are from California for the most part. Concord and a few Black Prince are also on the market.

Field Tomatoes—The price on the general run of stuff is up to 75c per crate, although one particular grower has sent in stock which sells at \$1.25 to \$1.50. This stock is worthy of special mention. It is beautifully coloured, firm, smooth and free from blemish and has the appearance of high grade hothouse stock. It comes in 4-basket crates (unwrapped) and is nicely packed. The grower is Mr. J. C. Keighley, Departure Bay, B. C. This same grower usually gets in with the first early potatoes.

Hothouse tomatoes are practically unchanged, the price ranging up to \$1.50.

Onions—The price has firmed somewhat. Nothing further is expected from Walla Walla. The next supplies will be from California and the Okanagan.

Potatoes—Conditions remain as they were a week ago and prices are unchanged. Price to grower f.o.b. Delta is \$18.00 for well graded stock.

Eggs—While some houses are quoting 43c, 40c is the general price. Receipts are light. There are light importations from Washington.

Poultry—Light hens are slightly higher while ducks (which are very plentiful and for which the demand has fallen off) are easing off. Butter is unchanged.

#### WHOLESALE PRODUCE

Apples, Wealthy, No. 1	2.25
Gravenstein, No. 1	2.25
McIntosh Red, No. 1	2.50
Loose Pack, \$1.00 to	1.50

Poultry, Live, to producer, Vancouver—Light Hens, 13c to 15c; Heavy Hens, 18c to 20c; Light Springs, 20c; Heavy Springs, 24c to 28c; Old Ducks, 15c to 16c; Young Ducks, white, 18c, coloured, 16c.

Butter—Wholesale, Alberta Specials (prints), 40c; cartons, 41c.

#### F.O.B. Shipping Point Prices

Water melons and cantaloupes are backing up owing to cool weather. B. C. prices same as last week. Heavy orders are being placed in all lines excepting Hyslop crabs and plums. McIntosh Red apples are now rolling, some have already arrived on the market with poor colour, having been picked before colour developed. There is no profit to the grower in rushing the Macks on to the market. Well coloured Wealthies are preferable to them at this time.

## THE KELOWNA COURIER

AND  
Okanagan Orchardist.Owned and Edited by  
G. C. ROSE.

Circulation, 1,200

## SUBSCRIPTION RATES

(Strictly in Advance)  
To any address in the British Empire \$2.50 per year. To the United States and other foreign countries, \$3.00 per year.

The COURIER does not necessarily endorse the sentiments of any contributed article.

To ensure acceptance, all manuscript should be legibly written on one side of the paper only. Typewritten copy is preferred.  
Letters to the editor will not be accepted for publication over a "nom de plume"; the writer's correct name must be appended.

Contributed matter received after Wednesday noon will not be published until the following week.

## ADVERTISING RATES

Classified Advertisements—Such as For Sale, Lost, Found, Wanted, etc., under heading "Want Ads." First insertion, 15 cents per line; each additional insertion, without change of matter, 10 cents per line. Minimum charge per week, 30 cents. Count five words to a line. Each initial and group of not more than five figures counts as a word. Filing fee for box numbers, c/o The Courier, if desired, 10 cents extra.

Transient and Contract Advertisements—Rates quoted on application Legal and Municipal Advertising—First insertion, 15 cents per line, each subsequent insertion, 10 cents per line.

Contract advertisers will please note that, to insure insertion in the current week's issue, all changes of advertisements must reach this office by Monday night. This rule is in the mutual interests of patrons and publisher, to avoid a congestion on Wednesday and Thursday and consequent night work, and to facilitate publication of The Courier so as to reach country customers before Saturday.

THURSDAY, SEPTEMBER 21, 1922

## LETTERS TO THE EDITOR

## THE CITY PARK

Kelowna, Sept. 25, 1922.  
To the Editor,  
Kelowna Courier.

Dear Sir,  
I wish to make a correction in regard to my letter concerning the City Park, published in your last issue.

The triangle at the corner of the Park was sold to the People's Trust Company, of New Westminster, not the Westminster Trust Company, as I stated in error.

It also appears that some people take it that there was some antagonism between Mr. D. Lloyd-Jones and the Council of 1908. This is not so.

Yours truly,

F. R. E. DeHART.

## PROVINCIAL ITEMS

Bee keeping is being carried on very successfully in the Fraser Valley and it is claimed that in the region around Matsqui there is the finest sequence of wild flowers in the North American continent. The Langley district also is coming to the fore as a great honey producer.

An effort is being made to adjust the hitherto irreconcilable difference of opinion as to the respective rights of the Dominion and B. C. governments over the foreshore on our provincial harbours. The B. N. A. Act specifically states that the federal government has jurisdiction over "public" harbours, but the great difficulty has been to determine where a "public" harbour begins and ends. This has led to considerable litigation, for which naturally the public has to pay.

Kamloops, with full support of the Navy League of Canada, is to have a class, which will give aspiring sailor boys an opportunity to learn navigation and the rudiments of a sea education. Full means for a theoretical education will be provided for boys between 12 and 18 years of age, who can thus qualify for practical work at the Navy League Camp at the Coast, from which point it will rest with themselves whether they pass the necessary examination which will enable them to go to sea in the merchant service.

Hill's Bar, once a well known locality in the days of placer mining in the "sixties," has a promise of becoming again a prominent spot on the map, a very rich gold-quartz lead having recently been staked there. On the discovery being made a man from Hope staked off the whole available ground as a townsite, so that the prospectors who made the discovery had to secure his permission to build a trail to their claim. Hill's Bar is about eight miles from Hope and about three miles from the railway station of the same name on the Canadian National Railway. Some 16 claims have already been staked along the "strike" of the lead, and preliminary development has already been started.

OLDTIMER DROPS DEAD  
ON BERNARD AVENUE

Death Comes To Mr. Chas. Nicoll Without Warning

Suddenly reeling and falling upon the sidewalk in front of Messrs. E. W. Wilkinson & Co.'s office on Bernard Avenue, at about a quarter to twelve on Monday morning, Mr. Charles Nicoll, a resident of Kelowna for some fifteen years, passed away with startling suddenness. He was carried into the office of Messrs. Duggan & Davies and medical attention was at once secured, but life was already extinct, death being due to heart failure.

Mr. Nicoll had not been able to carry on his transfer and express business for a few days, owing to an accident he had met with on the previous Wednesday, when he was crushed by a heavy trunk. He had complained at the time of a pain in his side, but this was not considered to be serious, and he was able to walk about after a day or two's rest. He had been warned by his physician to avoid any strenuous exertion for some time, but he was of an active temperament and found it difficult to remain within doors. When death came to him, he had already taken his second walk to town from his residence in the north end that morning, and it is conjectured that he over-taxed himself by the exercise.

The deceased was a native of Owen Sound, Ont., and had resided in Kelowna since July, 1907, previous to which date he had lived in several different provinces and states. For the past eleven years he had been engaged in the transfer business, and his unflinching good nature and obliging disposition won him many friends, who mourn his tragically sudden death. Although 66 years of age, he seemed exceptionally hale and hearty and to have many years of life before him.

Mr. Nicoll leaves to mourn his loss his wife and two daughters, Mrs. J. J. Davies and Mrs. L. Berryman, and two sons, Charles and John, all residents of Kelowna.

The funeral took place from the family residence at the corner of St. Paul St. and Cawston Ave. to the Cemetery, Rev. R. G. Edwards officiating. There was a large attendance of friends.

## G.W.V.A. NOTES

The canneries and those of the packing houses that have endeavored to carry on with white help, to the exclusion of the Oriental, are to be congratulated, and we sincerely hope that the S.O.S. call of the former for more help will be fully supported by the ladies and girls of Kelowna, for here is an excellent opportunity to show that we can get along without these people.

Our first dance of the season is being held in the Morrison Hall on Tuesday, the 26th., the proceeds of which will go to form the nucleus of our winter relief fund. The Veterans' 7-piece orchestra will be in attendance and everybody is assured of a good time.

Personally we are not getting "het up" over the reports concerning happenings in the Near East. While it is admittedly a situation that could develop into something serious, we believe that it is one that can be satisfactorily handled by the three great allied nations without resorting to force.

The Jack Paul Mining Company, of Spokane, has secured extensive lode mining property near Rock Creek, and that old placer camp, the oldest in B. C., not excepting the Cariboo district, will shortly be the scene of renewed mining activity. Associated with this company is Mr. Keffer, who was the pioneer mining engineer in the Boundary district in the days when all the largest properties were originally opened up, and who for many years was in charge of the B. C. Copper Company's extensive holdings.

An Italian "general commissioner of immigration" is at present in this province, having been sent here by the government of that country in connection with a proposed large immigration scheme, the details of which have not yet been disclosed.

The recommendation of the Fisheries Commission, which has just completed a report for the Ottawa Department, is that a separate Department of Fisheries should be created for Canada, with two divisions, one to handle the Atlantic Coast and the other the Pacific. This latter recommendation has been made a number of times before, for many years, by practical people connected with the fishing industry of this province.

## ADDITIONAL LOCALS

Mrs. Corrie and Miss Janet Corrie, of Nelson, paid a visit to Mr. S. T. Elliott, who is Mrs. Corrie's brother, this week. Mr. Elliott meeting them at McCulloch. They left today for Vancouver, via the Kettle Valley line, Miss Corrie having to enter for her second year course at the University of B. C.

Two more Kelowna citizens were fined in the Police Court this week for speeding in their cars during the late hours of Saturday night and early on Sunday morning. As this practice is getting to be a common one, an effort is going to be made to put a stop to it.

Mr. S. T. Elliott went to Vernon on Sunday last to meet his brother and sister-in-law, Mr. and Mrs. A. Elliott who are settlers in New Zealand and have been visiting Mr. Elliott's father and relatives in Ontario. Mr. and Mrs. A. Elliott left Kelowna today for the Coast, having taken their passage on the s.s. "Niagara" for their home in the Antipodes, after a prolonged stay in Canada.

Mr. H. W. Swerdfager, formerly C.P.R. agent here and now agent at Kamloops, and Mrs. Swerdfager, who have been on a holiday trip through the valley, motored to Kelowna yesterday, returning to Kamloops today.

Mr. C. R. Barlow, of Salmon Arm, was a visitor to Kelowna on Tuesday, en route to Penticton, where he is judging at the Fall Fair.

A new industry, that of the sale of conifer seeds, is being tested out at the Coast and shows signs of developing into a fairly important one. Trial shipments of Douglas Fir and Sitka Spruce cones are at present being made to France and it is understood that if these germinate well there, there will be a very large demand for them not only in that country but in other parts of Europe as well.

During the thunderstorm which visited this valley last week lightning struck a post only a few yards from the residence of Mr. J. Ferguson, at Okanagan Centre. It then travelled along a wire which was stretched between the post and the house and into the latter, scorching the wall paper and the back of picture frames, then through the kitchen, where it blew up a number of boards on the floor and hurled the linoleum into a heap. The post outside the house was shattered. Mr. Ferguson and his son had a very narrow escape, but beyond damage to paper on the walls and the tearing up of the floor, little destruction was done.

POLICE REPORT FOR  
MONTH OF AUGUST

## Cases In City Police Court.

Breaches of Government Liquor Act 3  
Breaches of Motor Vehicles Act ..... 5  
Breaches of Tobacco Restriction Act 3  
Breach of Traffic Regulations ..... 1

Wife desertion ..... 1

Collections 15

Fines and costs imposed and paid to the City Clerk ..... \$226.25  
Trade Licence money collected and paid to the City Clerk ..... 415.00

Total collections ..... \$641.25

## CARD OF THANKS

The relatives of the late Mr. Charles Nicoll wish to thank their many friends for their kindness and for the sympathy shown them in their bereavement. 5-1p

## CHURCH NOTICES

Rev. J. Williams Ogden will preach in the United Church on Sunday next. Morning topic—"Itai, the Gittite; an Old Time Sample of Loyalty." In the evening Mr. Ogden will preach the first of two sermons to young people on the problem, "Who had the best of it: the Prodigal Son or his Elder Brother?"

Next Sunday will be "Rally Day" and Mr. Ogden will address the Sunday Schools in the afternoon at 2.30 p.m.

Mr. John Borthwick, A.L.C.M., will begin his duties as Organist and Choir-master at the United Church on Sunday, Sept. 24th.

J. Allen Harris, a Summerland boy, has gone straight through from being a pupil of the public and high schools at Summerland to the University of B. C. and onto the staff of the University as Instructor of chemistry. In the latter position he will take the place of Miss Ruth Fulton, also a pupil of the Summerland schools, who has recently accepted a position on the staff of the University of California.

In addition to the immense pulp mill which is to be put up in East Kootenay, near Elko, there is every prospect of another large plant of this kind being established at the Coast, probably on Burrard Inlet, or nearby. The parties interested are The Seaman Paper Mills Company, the largest distributors of paper on the North American Continent.

Do not fail to see the Poultry Exhibit at the Fall Fair.

# Want Advs.

First insertion: 15 cents per line; each additional insertion, 10 cents per line. Minimum charge per week, 30 cents.

In estimating the cost of an advertisement, subject to the minimum charge as stated above, each initial, abbreviation or group of figures not exceeding five counts as one word, and five words count as one line.

If so desired, advertisers may have replies addressed to a box number, care of The Courier, and forwarded to their private address, or delivered on call at office. For this service, add 10 cents to cover postage or filing.

## Local and Personal

Mr. J. F. Fumerton left last Friday on a tour of the principal prairie cities.

Mrs. Kay and family, of Vernon, made a trip to Kelowna in their car last Monday.

Mrs. J. Hunter Smith and daughter Betty, of Vancouver, are visiting Mr. and Mrs. C. H. Jackson.

Mr. H. J. Veal, reporter for Bradstreet's, the commercial agents, was a business visitor to town on Monday.

Mr. and Mrs. W. Barkwell left on Tuesday morning for a couple of months' stay at Yellow Grass, Sask.

Mr. H. Swartout, of Chilliwack, returned to Kelowna last Saturday, leaving again for Calgary on Monday.

Mrs. and Miss Edwin Taylor, of Revelstoke, paid Kelowna a visit this week, staying at the Palace last Monday and Tuesday.

Miss Alma Gibson, of Perth, Ont., arrived in town last Friday and will make a prolonged stay here in order to look after her fruit orchard.

Mr. John Borthwick, the new organist of the United Church, arrived in town on Saturday. He has taken a house on Lawson Avenue and will be joined by his wife and children shortly.

Mr. and Mrs. J. Cornett, of Vancouver, who have been making a motor tour of the valley, and who were visiting at both Penticton and Kelowna, left for the northern end of the district last Saturday.

Mr. O. F. D. Norrington and Mrs. Norrington are camping on the west side of the lake. Mr. Norrington having been granted a short holiday from his official duties as resident engineer for the Water Rights Department here.

Mrs. E. M. Cuppage, who had been staying in town for some weeks past, left for Vancouver on Tuesday, via the Kettle Valley Railway. Her son left on the "Sicamous," the same day for Vernon, where he will attend school.

Mr. and Mrs. Grote Stirling, accompanied by their son, left to-day for England. They have taken passage on the s.s. "Minnedosa," which sails for Southampton from Montreal on Sept. 27th, and will return to the Okanagan next spring.

Miss Gladys Caswell, of Vancouver, who had been paying a visit to her mother, Mrs. Caswell, of Harvey Avenue, returned to the Coast on Saturday morning, accompanied by her cousin, Miss Grace McCarthy, who is leaving to attend the University of B. C.

Mr. J. E. Elliott, of the firm of McLennan & McFeeley, Vancouver, motored in from Penticton last Friday accompanied by his son, Mr. E. H. Elliott, and Mr. J. Dunlop, and stayed in Kelowna last Friday, leaving again in their car for Vernon and Revelstoke the following day.

It is announced by the Poultry Department of the Fall Fair that, in connection with the Boys' and Girls' Clubs, entries may be made for single birds, and birds entered in pens may also be entered as single birds. The time for making entries has been extended to 6 p.m., on Monday, Sept. 25.

As will be seen from the table we publish weekly of fruit and vegetable shipments, carloads dispatched last week show a very large increase over the corresponding week of last year. The present week is also expected to show a big total, no fewer than 41 cars having been moved out by the barges within twenty-four hours, on Sunday.

Mr. F. W. McLaine, of Vancouver, accompanied by his sister, Mrs. R. Constantine, of New York, was in town last week, staying at the Lakeview. Mrs. Constantine, who has been making a tour of the Western States and the B. C. Coast, left on Friday for her home in the East, via the main line of the C. P. R. Mr. McLaine, who is a pioneer of the boundary district, having been Mayor of Greenwood in the earlier days, is making a trip through the Interior in connection with the Globe Indemnity Company, for which he is agent.

Fully two hundred people attended the dance given at the Boy Scouts' Hall last Saturday evening, the greater number of whom are temporary residents of Kelowna and the surrounding country. Mr. Gus Muller's five-piece orchestra provided excellent music, and altogether this event can be considered a success, as a very enjoyable time was had by all present. It is generally hoped that at the next affair of this kind, which will take place next Saturday evening and during Fair week, more residents of the city will attend and help to make the stay of those who are here from other parts of the province as pleasant as possible.

Miss Chapin left on Wednesday for Vancouver.

The Occidental Cannery is putting through 2,500 packed cases of tomatoes per day.

Mr. W. T. Hunter, District Horticulturist, Vernon, was in town on Tuesday.

Mr. and Mrs. J. Fletcher left on Tuesday for Moscow, Idaho, on a visit to friends and relatives.

The lakeshore road to the south is in good condition again, all the way from Westbank to Penticton.

Mr. F. W. Pridham and other directors of the Kelowna Fair left today to take in the Armstrong Fair.

Mr. D. S. Scrimgeour and Miss J. Scrimgeour, of Vancouver, are staying at the Palace on a holiday visit to Kelowna.

Mr. T. M. Anderson, District Field Inspector, left for Armstrong on Tuesday to act as one of the judges at the fall fair being held there.

Mr. J. H. Harris and Mrs. Harris are leaving for Toronto at the end of this week on their way to England. They have taken passage on the s.s. "Andania," which sails from Montreal on September 30th.

Mr. Gus Muller left on Sunday last for Trail, where a position has been found for him and where he has been asked to act as leader of the principal orchestra. He expects to be away from Kelowna for some months and will be greatly missed here, where his friends are legion.

It is the intention of the local Elks Lodge to hold one dance every month during the fall and winter. The hall has been re-decorated and the floor put into fine shape. A committee consisting of Messrs. J. Kincaid, W. Longley, and D. J. Kerr will have charge of the arranging of the dances and every effort will be made by them to ensure the success of this monthly feature.

A number of cases are pending in the City Police Court and will be heard next Saturday, the defendants being charged with not complying with the City By-Laws, which call for all cars to pass on the right side of the silent policeman at the east end of Bernard Avenue, where the City limits begin. As roads meet here, it is the custom of residents in the country to "cut corners," a habit which is expected to lead to a serious accident some day.

The charge of driving a car to the common danger brought against Mr. D. R. Butt was heard last Tuesday morning by Mr. E. Weddell, Police Magistrate, who dismissed the case, there being no evidence brought forward to prove that Mr. Butt had driven carelessly, but much to the effect that he had made every effort to avoid an accident. There were at least fifteen witnesses in court. The principal parties were represented by counsel, Mr. J. F. Burne appearing for the prosecution and Mr. H. V. Craig for the defence. The injured boy is still progressing at the Hospital and making a good recovery from his injuries.

All who are fond of artistic silverware (and who is not?) should take a look at the display of cups which will be given to successful competitors at the coming Fair and Poultry Show, and some of which are now to be seen in the window of Mr. J. B. Knowles, jeweller. The events for which they are presented and the names of the donors are as follows: Best display of Plymouth Rocks, by Mr. Frank Powick; best display of Wyandottes, by The Okanagan Canning Co., of Benvenuto; biggest and best display of chickens, boys and girls class, by Mr. C. Ambro; best display of poultry, by The Occidental Fruit Co., Ltd.; best dairy cow of any breed, by The Bank of Montreal. These trophies are quite out of the ordinary style and should create enthusiastic competition, which is the object of the givers of the cups.

Contrary to current report, there is no shortage of cans at either of the local canneries and one is not expected to occur. The rush of work at both factories is at its very peak, but both managements are confident of being able to handle the crop, especially as the ladies of Kelowna have responded well to the call for help and it will not be necessary to employ Oriental labour. There is, however, just at present, a shortage of cars, which may seriously affect the packing houses, if it continues. Up till recently the service has been all that could have been desired, and it is expected that this situation, which might become a very grave one for both shipper and grower, will be relieved in about three days' time. Just now, however, some of the packing houses are getting uncomfortably loaded up with packed boxes, the crop of McIntosh being rushed into town very rapidly. Fortunately the earlier varieties of fruit have been mostly shipped. At the present time shippers would be glad to get any kind of cars, there being little likelihood of frost hurting the shipments while in transit.

## Special Display of Horrockses' Materials

WE have just placed into Stock a large assortment of Horrockses Materials, and are offering these now at very low prices. Note the following:—

## MONTREAL BOARD OF TRADE TOURS THE OKANAGAN

(Continued from Page 1)

with them the impression that they were heartily entertained by people who understand not only how to work and pioneer in a new land but also have a knowledge of the refinements of modern society.

As the surroundings were pleasant and everybody was having a most enjoyable time in what is perhaps the most noted beauty spot in the valley, the speeches made after the luncheon were full of appreciation of the good feeling prevailing. Mr. W. E. McTaggart, President of the Vernon Board of Trade, and presiding officer of the Associated Boards of Trade of the Okanagan, led off with a few well chosen remarks voicing the opinion of all present in stating that the efforts being made to cement the ties of friendship between the east and the west were a noble work in the interest of Canada and the Empire. He was followed by Mr. J. A. MacKelvie, M.P., who took the opportunity afforded to give a little boost for the fruit grown here and added to the welcoming words spoken by the former speaker. After a short but very witty speech by Mr. Pemberton Smith, of Montreal, Mr. Holman Gregory, M.P., K.C., member of the Imperial Parliament for the Southern Division of Derbyshire, gave a charming address to those present. The style of oratory, such as Mr. Gregory uses, is seldom heard out here and greatly impressed all who had the pleasure of listening to his remarks. A man of 53 he has the appearance of being very much younger. His metaphors were well chosen and his style literally "flowing," while his observations were in a more serious vein than those of the other speakers. He dilated on the really warm feeling existing in the Old Country for the people of Canada and the appreciation felt there for the efforts made by this country during the late war. When he spoke of the necessity of unity between Canada and other parts of the Empire and mentioned the name of Sir Arthur Currie, storms of applause greeted his remarks. He showed how Canadians had become welded into a strong nationality by service overseas, when men from all our provinces and of all political and religious faiths had joined in a common cause. Altogether Mr. Gregory's speech will long be remembered by all who heard it, especially those of us who for years past have not been accustomed to hearing a first-class British orator speak.

Sir Arthur Currie, who followed next made a very stirring speech on the topic of Canadian unity of purpose, which was much applauded. After a brief speech by Mr. W. T. Heddell, of Oyma, who proposed a vote of thanks to the ladies whose efforts had made such a pleasant gathering possible, and which was very heartily passed, the meeting broke up. The visitors were then taken by cars provided by the Vernon Board of Trade to Vernon by a circuitous route. This included drives along the lakeshore at the north end of Long Lake, where the most beautiful views are to be had and through the lovely orchards in the Coldstream and Lavington districts and thence on to the immense packing house of the Okanagan United Growers at Vernon itself. Here the four large grading machines were in operation and a lot of information re the methods of handling the fruit crop of the valley was absorbed by the visitors.

All good things must have an end some time and the trip of this distinguished party through the Okanagan, which had been appreciated by all who participated in it, ended by their departure from Vernon for the Coast the same afternoon, carrying with them new ideas of the capabilities of this part of the province and the goodwill of all with whom they had come in contact. At Sicamous more entertainment was arranged for them and on their journey to the Coast they were met by a contingent from the Vancouver Board of Trade, who acted as cicerones on the trip through the Fraser Canyon, and had also a short but pleasant meeting with the Kamloops Board and leading people of that city.

The following is the full list of those members of the Imperial Parliament and Montreal Board of Trade who visited our valley and of the ladies who accompanied them. Sir Arthur and Lady Currie were also with the party, the former greeting many whom he recognized as having served under him overseas.

British members—The Earl of Strathford, Viscount Bertie and Viscountess Bertie, Sir Edwin Andrew Cornwall, Bart., Deputy Speaker of the House of Commons, and his daughter, Miss Cornwall; Holman Gregory, K.C., M.P. for Derbyshire, Southern Division; Col. Frank Hilder, M.P. for Essex, South East Division; W. S. Royce, M.P. for Lincolnshire; Capt.

## THE NEW FRUIT COMMISSIONER

Mr. Geo. E. McIntosh, who has been acting Fruit Commissioner since the resignation of Mr. C. W. Baxter, has been appointed Fruit Commissioner of the Department of Agriculture at Ottawa. Following several years of journalism, Mr. McIntosh, on behalf of the Ontario Fruit Growers' Association, conducted an investigation of the conditions surrounding the marketing of fruit, as well as the transportation of fruit both within and beyond the province. He was engaged in this work from 1911 up to 1917, when he was appointed Transportation Specialist in the federal Fruit Branch, which position he has been holding up to the taking over of the present position. As Transportation Specialist, Mr. McIntosh has become intimately acquainted with fruit and vegetable growers, shippers and carriers in all parts of Canada, and has become thoroughly familiar with the marketing problems of the different provinces and districts.

Chas. Ainsworth, M.P. for Bury, and his son; Wm. Geo. Perring, M.P. for Paddington, Northern Division, and Mrs. Perring; Rt. Hon. J. W. Wilson, M.P. for the Stourbridge Division of Worcestershire; Neville Chamberlain, M.P. for Ladywood Division of Birmingham, and Mrs. Chamberlain.

Montreal members—Mr. R. H. Barron, Mr. and Mrs. W. M. Birks, Miss Birks, Mr. Victor Birks, Mr. Gerald Birks, Mr. Geo. F. Benson, Mr. W. T. Benson, Mr. W. B. Blackader, Miss Blackader, Lady de Blaquiere, Mrs. Hugh Brodie, Mrs. R. B. Brown, daughter and son, Mr. Arthur Browning, Major E. G. M. Cape, Mr. Geo. S. Cleghorn, Mr. and Mrs. J. Stanley Cook, Mr. Cain E. Cornell, Mr. and Mrs. J. T. Coulter, Sir Arthur and Lady Currie, Mr. W. E. Cushing, Miss Cushing, Mr. W. A. Desbarats, Mr. J. V. Desautels, Brig.-Gen. and Mrs. O. H. Dodds, Mr. Louis E. Drummond, Mr. Thos. E. Drummond, Col. Royal L. H. Ewing, Mr. W. E. Findlay, Mr. Douglas G. Findlay, Mr. and Mrs. G. A. Fraser, Mrs. E. B. Garbeau, Mr. and Mrs. Alexander Gibbs, Mr. and Mrs. G. S. Hensley, Mr. M. H. Holden, Mr. and Mrs. Henwood, Mr. Wm. K. Hogg, Mr. C. K. Howard, Mr. Jewitt, Mr. and Mrs. W. M. Kearns, Miss F. Campbell, Mr. and Mrs. R. I. Ker, Mr. A. Lambert, Mr. and Mrs. H. A. Layton, Mrs. J. A. Lémieux, Mr. F. C. Lydon, Mr. Mackie, Mrs. Milton McDonald, Mr. and Mrs. Jas. McKenna, Mr. and Mrs. J. H. McKeown, Mr. and Mrs. C. H. McLean, Mr. and Mrs. W. H. McLennan, Mr. and Mrs. B. McNally, Mr. Allan Parsons, Hon. L. E. Patenaude, Lieut.-Col. and Mrs. E. M. Renouf, Mr. R. L. Ritchie, Mr. and Mrs. C. C. Ronalds, Mr. and Mrs. H. J. Ross, the Misses Jean and Dorothy Ross, Mr. A. F. C. Ross, Mr. Jos. Rowat, Mr. Jas. Wallace Rowat, Mr. and Mrs. Jas. F. Slessor, Mr. Peter Spanjaard, Lieut.-Col. and Mrs. Robert Starke, Miss Starke, Miss Margaret Starke, Mr. and Mrs. Pemberton Smith, Mr. Clarence Thompson, Mr. and Mrs. Geo. Tiffin, Mr. and Mrs. Geo. H. Townsend, Mr. John E. Turton, Mr. Jas. S. Wallace, Mr. A. Wood, Mr. and Mrs. John W. Ross and Miss Aileen Ross.

The most prominent of the distinguished visitors, entertained as above described, are Sir Edwin Cornwall, who is Deputy Speaker of the British House of Commons and who before taking his seat in the "Mother of Parliaments" was for some years Chairman of the London County Council, the largest municipal organization in the world. Others who may be considered leaders of the party are: Rt. Hon. J. W. Wilson, who has been a member of the Imperial House since 1895 and who was at one time Minister of National Health Insurance; Mr. Holman Gregory, K.C., M.P., who may be termed the orator of the old country travellers; Mr. W. S. Royce, M.P., who is a well-known labour representative; the Earl of Strathford, the uncle of our Governor-General, a very charming man of sixty-five, who is greatly interested in all agricultural problems and to whom the methods of irrigation here proved a study worth while; Viscount Bertie, who is a son of a former British Minister to France; and Mr. W. M. Birks, the President of the Montreal Board of Trade.

It is pleasant to think that all the arrangements made for showing the Okanagan valley to our eminent visitors were as perfect as could be devised and were carried out without a hitch of any kind, which reflects considerable credit on the members of the Boards of Trade who took this matter in hand, and it is hoped that the pleasant memories of this trip made to our part of the province will lead to other tours of similar character being arranged in the future.

According to evidence given before the Pacific Coast Fisheries Commission, a Japanese naturalized in this province is still considered to be a Japanese, subject by the government of Japan. It was also brought to light that there is considerable trafficking in naturalization papers among Japanese in B. C.

### Business Methods Lacking

We have had several complaints from L.C.L. shippers that dealers to whom they have consigned fruit have failed to send them their returns. Upon investigation, we find that in most cases the senders have not advised the dealers that they were sending the goods. Shippers should inquire at this office and ascertain the standing of those to whom they consign fruit. Some growers have only secured the name of a firm dealing in fruit and consigned to them without advice. One reputable concern received nine crates of raspberries; as they had no invoice or advice, they decided that some friends in B. C. were sending them a present. This is rather a vivid imagination on the part of the receiver, but it does show the need of better business methods on the part of the shipper. It would be well for men in organized districts to have their organization bookkeepers doing their business, but where this is not possible the individual shipper should never be too busy to bill his goods and make entry of the shipment date in his books. The receipt of the Express Co. is not sufficient record of their shipments. While on this subject, we may add that farmers are not financiers and they appreciate prompt returns for their produce.

Citizens should remember that Monday, October 9th, will be "Fire Prevention Day," a proclamation to that effect having been made by His Excellency, the Governor-General. Special drills will be held at all schools throughout the Dominion and lectures and instructions regarding fire prevention given in all cities.

Do not fail to see the Poultry Exhibit at the Fall Fair.

## Debts and Debtors

If we give a merchant our custom, we have a right to expect him to advertise—to tell us weekly in the columns of "THE KELOWNA COURIER" what he has for us. Advertising is shop news, designed to inform us, save our time, and bring to our attention desirable merchandise.

Every retailer who is alive to the interests of his customers has a message—often many messages—for his customers concerning new goods, special offerings, and things that we ought to know about. Customers and non-customers will be attentive and responsive to these messages, if they are delivered every week in the form of advertisements in THE COURIER. The way to get more business is to ask for it.

### A Note to Merchants

Would YOU buy much or regularly from firms that never solicit your trade? Do you not say—"The firm that wants my business must come after it?"

Yet some of you say, in effect, to your customers—"We're here. If you want our goods, come and get them; but don't expect us to go after you." It's a poor rule that doesn't work both ways.

### GLENMORE

The honour of bringing home the first deer of the season belongs, we believe, to Mr. Percy Rankin, who was seen proudly motoring out from town on Saturday afternoon with his spoil.

A fifty ton stack of hay has been added to those at the Glenmore Ranch this week, from the third cutting of alfalfa.

Friends of Miss Lois Rumble, our former school teacher, will like to know that with her mother she is enjoying a good time in England, and has had a wonderful trip. They spent some time in London before visiting the devastated regions of France, also Paris. Before returning home they will visit in England for a few weeks.

Our sympathy is with those ranchers who are obliged to haul water during the busy season. Some one was heard to remark that had the powers that be been unable to finance a tank or well, water would have been let down at weekly intervals anyhow for their convenience. Not being a power, we cannot say. Though not official, we understand the water is off because of work on the system. This should make it all right for the next season. Cheerio!

Ranchers were invited to meet the Growers' Committee in the School on Monday evening last. The attendance was decidedly disappointing. These gentlemen who were appointed a committee at the request of the growers have devoted days, not hours, of work for the benefit of each individual rancher, without emolument. They have rendered extremely valuable service to the growers. We think an effort might have been made by some who were absent to come and talk with them for a short time as they were invited to do. Several forgot the meeting, which was advertised in Thursday's Courier. A memo slip would prevent such happening again. Those present were glad to know what they had accomplished, and the matters they wished to discuss with the growers. Before the meeting proper began Brig-Gen. Harman kindly gave the latest war news.

The Secretary read a letter, received by Mr. W. E. Adams, from the Inspector of Municipalities, asking that some necessary information be forwarded without delay. This was done from the meeting.

Date of first municipal election: first Saturday in November. Place: School. Returning Officer: Mr. P. A. Lewis. Council to consist of Reeve and four members. First meeting to be held in School.

Mr. Lionel Taylor outlined the work done by the Growers' Committee, who have attended all the meetings of the Traffic and Credit Association, and enquired into numerous rumours, ninety-five per cent being without foundation.

Some of the chief points touched on by him were: Oriental produce and the menace of Oriental consignment. The danger of uncontrolled consignments. The Carriers' Protective Service as a protection for growers was explained. Superheating of cars for Codling Moth at Revelstoke and Kamloops. Storage and transit privileges. Bad effect on market of shipping bulk apples, which cause disruption of markets. Irresponsible shippers, who are doing a great deal of harm. It is up to the growers to put a stop to them. The attitude of the jobbers.

Brig-General Harman spoke on similar lines but was more emphatic on the Oriental question, which he has specially devoted time to. His chief points were: (1) the wages agreement. He pointed out that agreements with loopholes were of little value.

(2) He pointed out that the Committee was not representative. All districts should have representation, as it is impossible for them to visit all districts.

(3) Growers, the worst co-operators. If we are to get anywhere, we, the growers, must get together first.

(4) The Oriental question. The Orientals own seventy-seven acres in the district and control much acreage besides. They ship their cars of produce on consignment. The speakers pointed out that we must face this question and come to a decision on the subject.

Mr. T. Bulman, who has been so active on "Anti-Dumping," followed with interesting information on his visits to Ottawa and Victoria on behalf of the Growers, following up with a splendid suggestion on how to increase the consumption of apples.

Captain Bull paid tribute to the previous speakers who had done valued work for the growers, and given much more time than he had been able to give on the Growers' Committee. He emphasized the need of being public spirited enough to co-operate with brother farmers, and do the best for the whole valley. He also pointed out that the Oriental question was a very vital one.

Questions and suggestions were invited. A hearty vote of thanks was given to the Growers' Committee, including Mr. T. Bulman.

### EAST KELOWNA

Last week we did not send in any notes as we and every one else were and still are picking McIntosh. Good old McIntosh! it is what we depend on to bring home the bacon; it is our "No. 1 Hard" apple and on it the prosperity of the Okanagan hinges. So far, the weather has been every thing that can be desired for the picking. We see Foster predicts terrible storms for October. Let us hope the winter apples will be off before they come.

All the veterans on the Benches are full of excitement over the war news, and while such stirring events are happening it seems hardly worth while writing out our footy little notes.

The British M.P.'s and members of the Montreal Board of Trade went through the Benches en route for Vernon. They inspected the B. C. Growers' packing house and stopped at Dr. Herald's and Mr. Christopher Reid's orchards. Most people, however, were at lunch when they passed and missed seeing them.

On Monday the School Trustees went to town, and arranged the payment of \$520.00 to the Rev. E. B. Glass, of Victoria, being the first instalment on the teacher's residence mortgage. This payment will grow less year by year till in nine years it will be entirely paid off.

We hear there was a strike of the packers in the B. C. Growers' packing house. We are not aware of the details and we don't know whether the strikers were in the right or not, but we wonder have the white help in the Okanagan any idea of the effort it is for the ranchers to pay the present wages, low as they are; for all wages and salaries in the Okanagan must in the end come out of the fruit ranchers' pockets. Take the average rancher with from 10 to 15 acres of bearing orchard, having invested on the average \$12,000. The majority of ranchers will just cover their expenses; some won't even do that; some will get \$500 profit or a wage of \$40 a month, and a few with very heavy crops will get \$1,000 profit or a wage of \$80 a month. No rancher will get any interest on his investment. It seems to us it is the unfortunate rancher who should do the striking and not the wage earner who is making more money without any investment or risk.

### WESTBANK

Mr. C. Mackay left last Tuesday for the Coast, where he intends to attend college.

Mr. J. J. Rouse preached his last sermon Sunday evening, and removed his tent Monday morning.

Col. Moodie, of Kelowna, who has been appointed assessor for the Westbank Irrigation District, made a call here last Monday.

Mr. W. Brown, manager of the B. C. G. packing house, and Mr. De Puyfer, manager of the Union, spent the week-end in Kelowna.

Mrs. Snowdown, wife of Mr. Snowdown of Kelowna, who is plastering Mr. Featherstonhaugh's home, was in town Monday.

Miss Garnett, our public school teacher, motored to her home at Summerland Friday to spend the week-end. She returned Sunday evening.

Mr. G. Brown made a flying visit home Saturday evening and returned to the K. L. O. Benches Sunday morning. The fruit is coming in so fast he was obliged to pack on Sunday.

Mrs. Graham, who is going to teach the school between here and the ferry, arrived Wednesday morning. She was accompanied by her two daughters, who are going to stay with her. One of them is packing in Rowcliffe's packing house. Their furniture arrived Saturday and was taken out by Mr. S. Mackay the same evening.

We are all overjoyed to have with us Miss M. McIntosh and Miss W. McIntosh, who for the past eight and a half months have been training in the General Hospital, Vancouver, and are now off for three weeks' vacation. Mr. McIntosh met them at Summerland Monday morning in his car and they arrived here about ten o'clock.

The Trustees of the Westbank Irrigation District met at the home of their Secretary, Mr. H. Ewer, Friday evening. Tenders for hauling metal fluming, tenders for building the under-structure of the main flume and appointment of an assessor for the District were three of the most important items of business. The tender of Mr. T. Reese, a local contractor, for building was accepted, and Mr. W. Hewlett's tender for hauling the metal fluming was also accepted. Col. Moodie

### A CONCESSION TO HOME INVESTORS

In offering to renew the five and a half per cent. Canadian Government bonds maturing December 1st at the same rate of interest as is carried by the maturing bonds, and allowing a bonus of one month's interest, the Minister of Finance is making a material concession to the Canadian investor as this rate is higher than was paid on the recent Canadian loan in New York. The high class of the security, which is the very best that can be offered in Canada, and the liberal rate of interest should lead to large investment in these Dominion bonds. Attention is directed to the official advertisement giving details.

### PREPARING BEES FOR WINTER

(Experimental Farms Note)

Now that the honey crop of 1922 is practically all gathered, it is time for the beekeeper to begin his preparations for the crop of 1923. The beekeeper's success depends largely upon the condition of his bees in the early spring just after coming out of winter quarters, and this condition in turn depends upon the preparations given for the winter.

Three things are essential for successful wintering; namely, strong colonies consisting mainly of young bees, sufficient wholesome stores, and adequate protection from the cold. To neglect any one of these factors is to invite failure.

By strong colonies we mean populous colonies. A colony cannot be too strong in bees for the winter. These bees must be comparatively young in order to live through the winter until brood rearing is safely commenced the following spring. To get the hives filled with young bees every colony must be headed with a young, vigorous queen during August and September; therefore, all colonies containing old or failing queens should be requeened not later than the last week in July. Colonies with bees covering less than eight full-sized Langstroth frames at the beginning of October should be united.

A colony of bees should have not less than forty pounds of stores to carry it through the winter until new honey is coming in in the spring. The honey stored in the brood chamber is usually of uncertain quality and deficient in quantity; it should, therefore, be supplemented with either good clover or buckwheat honey, or, better still, with a syrup, made of two parts of pure granulated sugar to one part water. The colony should be given enough honey or sugar made into syrup to bring the stores up to the required weight. Even if a colony has enough natural stores in the brood chamber, it is advisable to give it at least ten pounds of sugar made into syrup, in order to postpone or minimize the consumption of poor honey and thus delay a possible attack of dysentery.

There are two methods of protecting the bees during the winter: either to place them in a cellar or to pack them in cases outside. For outside wintering the bees should be placed in the cases during the latter part of September or early in October, and the packing placed on the bottom and all four sides. The bees should be fed the required amount of stores as rapidly as possible, then the top packing is put in place. These bees will require no further attention until the following spring.

Bulletin No. 43, on "Wintering Bees in Canada," can be had free on application to the Publications Branch, Department of Agriculture, Ottawa.  
C. B. GOODERHAM,  
Dominion Apiarist.

ie, of Kelowna, was appointed assessor for the District. The Colonel should be well qualified for the work, being a civil engineer and surveyor and having been assessor for South-East Kelowna District and the Vernon District.

Do not fail to see the Poultry Exhibit at the Fall Fair.

### DUMPING DUTIES COVER PEACHES AND ONIONS

(Continued from Page 1)

ject to amendment. Mr. Busby will personally visit all the important Customs points in Canada as quickly as possible, to insure the enforcement of dumping duties on all fruits and vegetables covered by Mr. Mouat's investigation.

#### Campaign To Sell McIntosh Apples

Feeling reasonably certain that the dumping duties will now be extended to cover all kinds of fruit and produce that are being imported into Canada at unfair prices, Mr. Bulman took advantage of his visit to Vancouver to interview the Vancouver Board of Trade in order to enlist the sympathies of that body in the waging of a campaign to market the large crop of McIntosh Red apples which the Okanagan is producing this year. He found those he met were eager to help, and it was quickly arranged for a large deputation of Okanagan fruit shippers, growers, and business men to go to Vancouver on Tuesday next, Sept. 26th, in order to present the case for the Okanagan McIntosh at a dinner, at which it is expected several hundred members of the Vancouver Board will be in attendance, including many representatives of the wholesale and retail fruit trade. Such representatives will be asked to give their public adherence to a tentative pledge, obtained from a few of the wholesalers and retailers by Mr. Bulman, to cut their handling charges to a minimum so that choice No. 1 McIntosh apples can be placed in the hands of consumers at less than \$2.50 per box, while returning \$1.60 to the shippers. This entails a severe pruning of handlers' profits, as consumers in past years have never been able to buy choice McIntosh for less than \$3.50 to \$4.00 per box, but if the dealers live up to their promises, it can be carried out and the market for McIntosh thus tremendously expanded. By pushing such a campaign at the Coast and on the prairies, Mr. Bulman is hopeful that the surplus of about 350 cars of McIntosh can be absorbed and the market cleared in readiness for the winter apples.

The scheme is being taken up energetically by local business men. The Executive of the Kelowna Board of Trade met yesterday to make arrangements as to the selection of a deputation, and it is hoped to secure local representation by a strong delegation of all interested directly or indirectly in the fruit industry.

### THE BIG FAIR AND STAMPEDE

(Continued from Page 1)

specially constructed platform in front of the Grand Stand. A local quartette will dance the Reel o' Tulloch also each day. Pipers will accompany the dancers.

There will be a huge dance held in the Boy Scout Hall on Wednesday and Thursday evenings, and on each occasion the visiting pipers will supplement the orchestra. One or two Scottish dances will be included in the programme.

A special prize list will be found in another part of this issue.

The Canadian Bank of Commerce has given a cup for the best dairy cow, with two or more of her progeny.

The Royal Bank of Canada has presented another cup for the best dairy herd, to consist of not fewer than five.

The United Farmers of B. C., Kelowna Local, are offering \$15 as first prize and \$10 as second prize for the best collection of vegetables, ten varieties. This event is open to members of the organization only, and will be judged on: quality, 40 points; display, 40 points, and uniformity, 20 points.

The ladies of the Prize List Committee are offering two special prizes; one for a collection of home-made basketry, and one for home-made wood carving.

The Kelowna Creamery is presenting a first prize of \$25 and a second prize of \$10 for the best herd of dairy cattle, females only, not fewer than five.

Mr. F. W. Pridham is donating a championship belt for the best bucking horse rider at the Fair.

Mr. S. T. Elliott is out with a prize of \$25 for the best cowgirl rider.

It is expected that the poultry exhibit will be the largest ever known in the Interior. Already 300 birds have been entered and 200 more entries are expected.

An interesting exhibit is being arranged for the joint work of the Experimental Farm, Summerland, and the District Entomological Branch of the Department of Agriculture, Vernon, and will treat on insect pests and diseases affecting fruit trees, etc.

There will be two exhibits by the Public School, Kelowna; one of manual training and domestic science and the other an agricultural exhibit featuring poultry, soils and dairy work.

There will be four district exhibits. That of Kelowna is being gotten up now.

The Kootenay Pipers will arrive by boat on Wednesday and will play on the main streets directly after landing.

There will be a special exhibit by Mr. H. H. Thompson, of Peachland, of yams, sweet potatoes, etc., grown locally.

Any changes in the programme will be announced in the sports programme which will be printed next week.

All directors are expected to be on the grounds at 6 p.m. and to attend the meeting at 7.30 p.m., on Saturday.

Do not fail to see the Poultry Exhibit at the Fall Fair.

### NO RELIEF FOR UNREGISTERED LOT OWNERS

(Continued from Page 1)

could be done, but the Council had no power to compel places of business to close on such a holiday.

Ald. Adams said Mr. Elliott should have approached the Retail Merchants Association first.

This opinion was shared by the other members of the Council, and no action was taken in the matter.

The Mayor advised that two special constables be put on duty during the pheasant shooting season, so as to enforce the regulations forbidding the discharge of fire-arms within the city. The matter will be taken up later.

Supt. Blakeborough reported that he had taken advantage of a good opportunity to dispose of the rock crusher engine, which he had sold for \$250, subject to the Council's approval. Ald. Meikle had desired to retain the engine until completion of reservoir construction, but it not been found necessary to use it for that purpose.

The sale was validated by resolution.

Mr. Blakeborough asked if any steps were to be taken to provide a time signal after the change over from steam to hydro-electric power. The Power House whistle at 7, 12 and 6 would be much missed, and the matter had already been mentioned to him by several people.

The Mayor did not see the need of providing any time signal, which few towns possessed, and none of the aldermen expressed any desire to expend municipal funds for such purpose.

Mayor Sutherland and Ald. Rattenbury were named as official delegates to the forthcoming convention of the Union of B. C. Municipalities, to be held at Kamloops on Oct. 4th, with the City Clerk, who will attend in any case, to act with voting power in the absence of either one.

The Council adjourned until Monday, Oct. 2nd.

## REWARDS FOR DISCOVERY OF CODLING MOTH

Local Man Became Entitled To Award Last Week

In an endeavour to find all Codling Moth infestations in the fruit growing districts of British Columbia, the Horticultural Branch of the Department of Agriculture has offered a reward to anyone, except Department of Agriculture officials, for finding new infestations. The conditions of the reward are as follows:—

1. For detection of the Codling Moth in any orchard outside the boundaries of actual quarantine, but adjacent to and in the same district, the Department of Agriculture will pay to any person the sum of twenty dollars (\$20.00) in case of proven infestation.

2. For the detection of the Codling Moth in any orchard situated in a district or section in the Okanagan Valley where there exists no quarantine for Codling Moth, the Department of Agriculture will pay a reward of one hundred dollars (\$100.00) in case of proven infestation.

Mr. Alex. Kennedy, of the Mathieson Fruit Co., detected Codling Moth in some fruit last week and he will be the first to receive the twenty dollar reward offered by the Department of Agriculture.

Discussions as to what part this province will play in the proposed projects of the Western Canadian Colonization Association have recently been taking place between representatives of the B. C. government and members of the Association, but so far nothing has been definitely settled in the way of joint action.

It is hoped to capture for this province a major portion at least of the immense market in cross-tied railway ties existing in India and other tropical Asiatic countries, a trade that has hitherto gone to foreign countries, which are still competing eagerly for it.

Those who can find time for big game-hunting this fall will be interested to hear that the game regulations have been amended so far as to allow an open season for moose in the Columbia district, from October 1st to November 15th, inclusive.

The Cariboo Gold-Platinum Extracting Company are erecting a laboratory at Quesnel and will soon be in a position to handle 10 tons of black sand per day and will be in the market for all black sand offering. This will be welcome news to many a prospector in this province.

Williams Lake is at last to have a public hospital, the residents of that district having raised the sum of \$6,600 to which will be added the sum of \$3,300 allocated by the provincial government. This will fill a long felt want in that part of the Cariboo district.

Mr. Henry T. Denison, who started the Indian Reserve model city scheme near Kamloops is receiving endorsement from prominent people in his efforts to establish a model city in this province for those sufferers from tuberculosis, who have been discharged from sanatoria, but are still unfitted to take their former place in civil life.

## AUCTION SALE

Being favoured with instructions from Mr. H. I. Johnstone, I will sell without reserve at his residence, Lake Avenue, on

THURSDAY, OCTOBER 5th

all of his high class furniture and household effects, comprising:—  
1 new Gourley Piano, 1 Mason & Risch Gramophone, new with 75 Records, 1 Mission Library Table, 1 Mission Tea Table, 1 Mission Desk, 1 Mission Bookcase with 4 shelves, 1 Mission Couch, leather covered, 1 Mission Card Table, 1 Mission Dining Room Suite, complete, consisting of Buffet, Pedestal Table and six Chairs, upholstered in solid leather, 3 Mission Chairs, 1 Mission Plant Stand, 1 very fine Parlor Chair, 1 Mission Cabinet, 1 Mission Eight-day Clock, 1 Set Fire Dogs, 1 Set Brass Fire Irons, 2 Green Velvet Pile Carpets, 9 x 10, 1 Bedroom Carpet, 6 x 9, 2 Small Rugs, 3 x 6, 2 Brass Beds, these are extra quality, 2 Quartered Oak Bedroom Suites, 1 Eight piece China Bedroom Set, 1 Small Table, 2 Bedroom Chairs, 1 Cabinet Kitchen Table, zinc top, 3 Kitchen Chairs, 1 Six-hole McCarty Range, 1 McCarty "Hot Blast" Coal Heater, 1 Set Aluminum Pots and Pans, 1 Ironing Board to fit on table, 1 Electric Iron, 1 Refrigerator, 1 New two-burner Coal Oil Stove, Numerous Pictures, Window Curtains, extra quality, Dish-clothes, Kitchen Utensils, Sealers, Silverware, etc., etc. Set Field Glasses in leather case, 2 Fishing Rods, 1 Man's Bicycle, 1 Lawn Mower, Garden Hose, Garden Tools, etc., and a lot of other articles too numerous to mention.

The provincial bounty on gophers is a thing of the past, having been out of force, since yesterday. In this connection it may be of interest to note that a Greenwood man holds the record for the largest number of gophers destroyed this year, 901.

Now that the route for the connecting link of the Trans-Provincial Highway between the Coast and Interior appears to have at last been definitely decided on, it may interest motorists and others to know what is exactly meant by the "Hope-Princeton Route." There are three possible routes between Hope and Princeton, but the one adopted, as presenting the least difficulties and as the least expensive either to build or maintain takes the following course:—From Hope to Cayuse, Flats on the Skagit via the old sappers' and miners' road, thence east following the Skagit river, via the Allison pass down the Cambie river to the Gibson pass, thence down the Similkameen river to Princeton. The elevation at the Allison pass is 4,450 feet. This route is 79 miles long, being longer than the old "Dewdney" route, but shorter than the "Cleveland" survey. The new highway will utilize the work done in early days by the sappers and miners out of Hope and also part of the work done several years back on the Cleveland route, near Princeton. The general expectation is that this very important work will be commenced next spring and that in 1924 cars will be able to drive direct from Coast points to almost all parts of the Interior.

Kelowna Fair & Stampede, Sep. 26-27-28

Oil drilling near Armstrong has been temporarily stopped owing to the non-arrival of the casing necessary for the sinking of a well. It is believed that this has been shipped, but, owing to the strike in the States, it is uncertain when it can be expected to arrive.

## CASH AND CARRY BUYERS

have been quick to appreciate our new Cash and Carry System—5% discount off regular prices on every line in stock, on orders of \$1.00 or over, bought over the counter, paid for when purchased and carried away.

If you're a cash buyer and not already buying your groceries from us, give us a trial order till you see how it works out. "The proof of the pudding is in the eating of it."

## Fair Visitors

Gifts that are useful, durable, beautiful and unusual are not easily found. But in our collection of genuine Indian Moccasins, Bags, Cushion Covers, etc., you will find all these qualities. These articles are made from heavy moose and Barren Land caribou skins, sewn with sinews and are beautifully beaded with the best quality of beads.

These goods are getting more difficult to obtain each year and we feel very fortunate to be able to obtain such fine specimens of Indian handicraft.
